sun rises to-morrow at 6:06; and sets 5:54. High water 6:00 a. m. and 6:34 p. m.

WEATHER PROBABILITIES.—For this section fair, followed by showers; northeast, east winds, probably increasing to a hurricane Thursday evening; slightly warmer Thursday afternoon.

ACCIDENT TO A CIRCUS TRAIN.—An accident to the train conveying Hunting's circus from this city to Leesburg, shortly after one o'clock this morning, resulted in the demolition of four wagons, the serious, if not fatal injury of a colored man and the dislocation of the shoulder of a white man. At the close of the performance in this city last night the members of the company boarded their special train at the Midland depot for Leesburg, and after the property of the company had been placed upon the cars the train proceeded down Wilkes street to Union through which it passed toward the main track of the Washington and Ohio road, on which it was to run to Leesburg, where the circus was advertised to perform to-day. The Union street track connects with that of the W. & O. road by trestle work which extends from the old American Coal Company's docks to Lee street. The train had passed over this structure and reached the embankment, when two elongated flat cars carrying the ticket, commissary and two property wagons, left the rails and began jolting over the ties. The concussion and sudden careening of the cars caused the wagons to topple from the track. Down the ten-foot embankment into the river, the vehicles in their descending turning complete somersaults and being wrecked. Michael McCarthy, of Buffalo, N. Y., the train overseer, who was on one of the cars, was thrown down the embankment and his shoulder was dislocated by his fall, and John Jones, a colored man from Atlanta, Ga., employed by the refreshment man of the company, who was on one of the cars, was also thrown down the embankment. He was not so fortunate as McCarthy, one of the wagons rolling on him and burying all of his body save his head in the river. When taken from the wreck his injuries were found to be serious, so much so that his death is anticipated. His right arm was frightfully crushed and his back considerably injured. He was taken into the waiting room and made as comfortable as possible until surgical aid was secured and it was thought best not to remove him until this morning. McCarthy, whose injury was not regarded so serious, was taken to the Infirmary, where Drs. O'Brien and Ashby were summoned. Upon their arrival they soon placed his shoulder in its proper position and this morning he proceeded to Leesburg where he rejoined the circus. Jones was this morning removed to the house of a colored woman on Gibson street, where he received proper attention from Drs. O'Brien and Ashby. After the accident the derailed cars were again placed on the rails and the train proceeded to Leesburg where the company fulfilled its appointment to-day. The excitement which followed the report of the accident caused an alarm of fire between one and two o'clock this morning.

POLICE COURT.—Mayor Strauss presiding.—The following cases were disposed of this morning:

A white man arrested by Officer Griffin for assaulting a colored man, was fined \$3.

A young white man arrested by Officer Beach on complaint of his father, who accused him of trespass, was dismissed and the costs of warrant assessed against the complainant.

Archie Hollet, arrested by Officer Webster for being drunk and disorderly, was fined \$3.

Frank Griffin, arrested by Officers Smith and Webster for being drunk and disorderly, was fined \$5.

Alonso Sims, arrested by Officers Howson and Sherwood for being drunk in the street, was fined \$2.50.

Lewis Johnson, colored, arrested by Officers Bettis and Coleman charged with vagrancy was dismissed with a reprimand.

Dock Butler, colored, charged with assaulting Thornton Lucas, colored, was fined \$5.

Night Report.—Last night was clear and cool. Six prisoners were at the station house.

CHARGES OF RECKLESSNESS.—Mr. A. C. Rautenburg, of Washington, has written to the local inspectors of steam vessels, making charges of recklessness and disregard for safety against Capt. Eskridge, of the steamer Columbia, of the Washington ferry. Mr. Rautenburg owns a small steam yacht, the Greyhound, and states that on September 20th, while lying at anchor in the Potomac river, completely out of the way of the steamer Columbia, with room for her to pass either fore or aft, the Columbia came so close upon the Greyhound that if Rautenburg had not drawn her tender alongside, it would have been crushed by the steamer's wheel. Mr. Rautenburg claims that he gave signal after signal for the Columbia to keep off, but she paid no heed. He further claims that the Columbia has become, by reason of such acts, a source of terror to small craft on the river. The inspectors wrote to Capt. Eskridge, calling his attention to existing laws, and warning him of the dangers of their violation.

PERSONAL.—Mr. Charles J. Wise has returned from the Yellow Sulphur Springs.

Mr. D. P. Halsey, of Lynchburg, was in the city to-day.

Mr. G. P. Hill, formerly of this city, but now of Richmond, is visiting relatively here.

Judge James Keith, of Warrenton, will remove with his family to Richmond soon after assuming his duties on the Court of Appeals bench.

Miss Mary A. Taylor has returned from Berryville where she has been spending the summer.

Mr. and Mrs. S. G. Brent will leave here to-night for a sea trip from Baltimore to Boston.

Miss Jessie Brent left here to-day for New York.

Mr. Robert Hancock, deputy flour inspector, has been quite ill at his home, on South Lee street for several days past.

THE WEATHER has been uncomfortably cooling during the past forty-eight hours, and fires were kindled in many houses this morning. One year ago to-day similar weather prevailed in this vicinity, it being cool enough to render fires comfortable. The weather bureau predicts rain and southeast winds, increasing probably to hurricane force by to-morrow.

THE CASSARD.—The case of George Franke versus the Monumental Construction Company of Baltimore came up in the Circuit Court of this city to-day. By consent of all the parties concerned, a decree for the sale of the steamer Howard Cassard was entered, the funds to be held subject to the order of court. This decree means a sale at public auction of the steamer Howard Cassard, built in Baltimore about three years ago on the plans of Engineer R. M. Fryer, who was to have built the "Pocahontas" at this city. The plans of the steamer, it was urged by Mr. Fryer, would revolutionize steamship building, but so far no practical results have followed, though Mr. Fryer is still convinced of the feasibility of his plans. The steamer, after lying at her dock in Baltimore for some time, was towed to this city last June and soon thereafter attachments were levied upon the steamer for material used in her construction. The steamer, it is said, cost about \$150,000, and it is feared that when sold she will bring but a small percentage of that sum.

In the case of the E. J. Codd Co. vs. the Monumental Construction Company, the hearing of the motion to quash the attachment on the steamer Howard Cassard was to-day postponed till Saturday, October 6, at Warrenton.

CIRCUIT COURT.—Judge James Keith presiding.—J. W. West vs. Benj. Austin; final decree.

Theo. Teed vs. W. H. Smith et al.; decree requesting the U. S. Treasurer to transmit to this court a paper executed by Teed authorizing C. S. Bunly to collect a claim of \$65.

Gordon vs. Pickford; motion to abate attachment; motion granted as to petition of C. H. Pickford.

E. J. Codd Co. vs. the Monumental Construction Co., by consent of parties cause is submitted to the judge to be heard in vacation and to enter such judgment may be proper.

Geo. Franke vs. the Monumental Construction Co.; decree by consent of all parties for sale of steamer Howard Cassard, the funds to be held subject to order of court.

G. A. Mushbach, adm'r. of G. L. Stewart; directed to pay \$200 to C. M. Blackford, assignee.

York Safe Lock Co., of York, Pa., vs. F. E. Corbett; non suit entered.

Julia Smith et al. vs. B. D. Carpenter in the Circuit Court of the county; case in progress.

The suit of J. C. O'Gorman vs. the Potomac Electric Co., from the Circuit Court of Alexandria county, was heard by Judge Keith in chambers last night, and a decree entered allowing counsel fees and receiver's expenses.

ANOTHER CASE OF PLAY.—A night or two ago two colored men were engaged in a game of cards in a saloon near "hard corner," when a dispute arose and one of the players struck the other on the head with a chair. Friends rushed in and parted them before any more blows could be struck. Both parties were arrested yesterday and this morning placed in the dock on the charge of fighting. The man who had been struck with the chair had a respectable-sized "target" on his forehead, the wound being partly hidden by sticking plaster. The witnesses (colored people) testified that the two men were merely playing, and the blow was accidental. The belligerents testified to the same effect. The Mayor said he intended breaking up such play in Alexandria and fined the assailant five dollars.

THE CIRCUS.—The performances given in this city yesterday afternoon and last night by Hunting's circus company were the best witnessed hereabouts for a long time. While all the acting was good, the equestrian, acrobatic and contortion feats were exceptionally fine and won much applause. The manager feature was also very interesting. As has been stated, Hunting's is a Southern circus, and at the close of the season will spend the winter in Norfolk. The managers as well as all the subordinates impressed Alexandrians with their courtesy and politeness toward all with whom they had to deal, and seemed devoid of the roughness so often exhibited by traveling showmen.

CORPORATION COURT.—Judge J. K. M. Norton presiding.—Semmes vs. Semmes; final decree.

Knights of the Maccabees.

The State Commander writes from Lincoln, Neb., as follows: "After trying other medicines for what seemed to be a very obstinate cough in our two children we tried Dr. King's New Discovery and at the end of two days the cough entirely left them. We will not be without it hereafter, as our experience proves that it cures where all other remedies fail." Signed F. W. Stevens, State Com. Why not give this great medicine a trial, as it is guaranteed and trial bottles are free at E. S. Leadbeater & Sons' Drug Store. Regular size 50c and \$1.

"Yield Not to Misfortune."

I was afflicted with catarrh last autumn. During the month of October I could neither taste or smell and could hear but little. Ely's Cream Balm cured it.—Marcus Geo. Shaw, Rahway, N. J.

I suffered from catarrh of the worst kind ever since a boy, and I never hoped for cure, but Ely's Cream Balm seems to do even that. Many acquaintances have used it with excellent results.—Oscar Ostrum, 45 Warren Ave., Chicago, Ill. Cream Balm is agreeable.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

LOCAL BREVITIES.

Straw hats to-day looked like they had been frosted.

The Theological Seminary and the High School resumed their sessions to-day.

Though it was not generally heard, it is asserted to-day that the straw hat gun was fired last night—snap judgment.

A white man was struck on the head by a brick thrown by some unknown person on the circus grounds last night.

A new shaft having been placed in the steamer T. V. Arrowsmith that steamer will resume her trips on the lower river route this evening.

Addie Washington, daughter of Jas. Branson, a well known colored resident of this city, was brought here yesterday evening from Washington, where she had been under treatment in a hospital, and died soon after reaching here.

The excursion season of the Potomac river boats has virtually closed. The season has been a fairly successful one giving the owners of the steamers moderate profits. Profits, however, are by no means as large as have been in years past.

The lower curve of the electric railway at the corner of King and Fairfax streets is being taking up to be laid at the corner of King and Royal streets. The work of laying the track on Royal street to King is being rapidly pushed to completion.

Frank Griffin, employed by the circus, caused some excitement near the grounds last night by his actions toward a young colored woman whom he was endeavoring to lure away from her colored escort. Officers Webster and Smith finally put him under arrest, and this morning he was fined \$5.

Marriage licenses were issued in Washington yesterday to Adler S. Clock and Carrie V. Goring, both of Loudoun county; Silas E. Anderson and Pearl E. Lomax, both of Fairfax county; John C. Queen, of St. Mary's county, Md., and Mary Golden, of Essex county, and George M. Humphrey, of this city, and Harriet E. Perry.

UNLAWFUL SELLING OF LIQUOR.—A magistrate's trial was held on Saturday, the 22nd inst., at Upperville to investigate the charge of illegal selling of liquor in and near the village. The parties accused were D. L. Glasscock, a white man, who has a brandy camp near the village; Albert Monday, colored, and the old veteran offender, Pinkert, also colored. It was developed that Glasscock had been selling his brandy in small quantities. And also that on one Sunday in August he sold to a man a pint of whisky, a part of which was drunk out of a glass at the still-house. It is the purpose of the people of Upperville to carry these cases immediately before the grand jury, and press the matter to the full punishment that the law demands for such offenses. The entire community is aroused, and determined. Every good citizen of the community has endorsed the movement by his signature. When seventy-five men undertake to exterminate an outrage, and they the prominent men of a community, it looks very much as if lawlessness must cease. Some of the names are as follows: C. C. Calvert, Col. R. H. Dulaney, Rozier Dulaney, Joshua Fletcher, Robert Fletcher, Wm. Fletcher, P. S. Gochsauer, H. L. Johnston, F. M. Kendall, J. H. Lemley, G. B. Gibson, T. S. Dunbar, Jas. M. Kinchloe, E. D. Laws, Geo. H. Ayre, Rev. J. B. Lake, Rev. E. S. Hinks, Rev. Geo. T. Tyler, L. A. Brown, L. P. Brown, P. B. Gochsauer, H. D. Ayre, George Roszell, R. M. Peach, W. B. Smith, W. Keene, C. R. Walker, J. H. Skinner, W. Reid, D. Swartz, C. W. Peach, J. M. Carpenter, Chas. T. Fleming, T. W. Fleming, C. F. Rinker, J. Nicklin, J. A. Gibson and Wm. Gibson.

CORRIGAN AND SATOLLI.—With reference to a long story published in New York yesterday pretending to give the text of the charges preferred at the Vatican to Archbishop Corrigan, the opinion of New York Catholics is divided. The fact that Archbishop Corrigan has never taken kindly to the apostolic delegate and has expressed himself on the subject to close personal friends, is too well known to be denied. But his friends and those of Dr. Walsh, editor of the Catholic Herald, denied with vehemence that the Archbishop ever entered into a conspiracy to embarrass Mr. Satolli. They admit, however, that it is not impossible that some one may have been moved by the attitude of Archbishop Corrigan towards the apostolic delegate to forward to Rome his own narration of the facts and the charge that the Archbishop had instigated the attacks upon Mr. Satolli. But it is not believed by many people of consequence that a man holding the position of Archbishop of New York would deliberately set to work to secure the publication of articles intended to discredit the personal representative in America of Pope Leo. A priest of that city, Rev. Henry Brann, pastor of St. Agnes Church, said yesterday that he didn't believe there was one word of truth in all of the charges. Father Brann was accused of endeavoring to create the impression that Mr. Satolli had been rebuked by the Pope. He denounced the statement about himself as absolutely untrue.

CHINESE KILL RUSSIANS.—It is reported that a Chinese mob has attacked and plundered one of the Siberian railway stations in the province of Ussuri, and killed eight Russians who tried to defend the station.

A St. Petersburg correspondent telegraphs that dispatches have been received there from Vladivostok confirming the report that a Chinese mob had attacked and plundered a Siberian railway station in the province of Ussuri, and that eight Russians who attempted to defend the station were killed by the mob. These dispatches add that Russian troops have started in pursuit of the marauders, who have crossed the Chinese frontier.

ENCYCLICAL LETTER ON THE ROSARY.—An encyclical letter of Pope Leo XIII., addressed to patriarchs, primates, archbishops, bishops, and others having peace with the holy see, concerning the rosary of the blessed Virgin Mary, has just been received at the apostolic legation in Washington. For the past three years Pope Leo has issued annually to the world an encyclical on this subject. The month of October is observed in the Catholic Church as the month of rosary and this encyclical is an exhortation to prayer.
